

Platinum Support Service Program

Service Highlights

- Fast and efficient phone support 24 hours a day, 7 days a week
- Software updates
- 4-hour advance RMA replacement in all of US, Canada, and in select countries

A10 Networks® provides a variety of support services designed to ensure that your A10 Networks systems install quickly, configure easily, and operate reliably in your network. A10 Networks offers Standard Warranty and four levels of maintenance programs to provide hardware, software and technical support services: Basic Support, Basic Plus Support, Gold Support, and Platinum Support coverage can be purchased with your A10 products. Coverage for A10 products under the **Platinum Support Service Program** is described below.

Phone Support

For the duration of the term purchased, phone support is offered 7 days per week, 24 hours a day. Access to Technical Support under the Platinum Support Service Program period is on a commercially reasonable basis and A10 Networks will make every reasonable effort to provide fast and efficient service.

Software Updates

Software updates for system software and software products released by A10 Networks are provided for the duration of the Platinum Support Service Program purchased by contacting A10 Networks Technical Support. System software updates include applicable minor releases (e.g. Release 2.7.1 to 2.7.2) to the A10 Networks family of products, as well as major feature releases (e.g. Release 3.0 and 4.0). Customers must have Internet access to download software updates as directed by Technical Support.

Advanced Hardware Replacement Service

If a hardware system failure occurs during the period of the Platinum Support Service Program, Advanced Hardware Replacement allows the customer to request that a replacement unit be shipped prior to the return of the failed unit. This service requires a phone support or email evaluation of the failed system and an approval by Technical Support personnel. The Platinum Support Plan includes 4-hour advance RMA replacement on locations that are pre-qualified by A10 Networks. The 4-hour clock starts when the A10 TAC engineer acknowledges to the Platinum customer that he/she will start the 4-hour advance RMA process. Currently, Platinum Support is only available for select territories.

A10 Networks pays for the return shipping cost of the failed unit by providing a pre-paid shipping label. A10 Networks must receive the failed unit within 14 days after issuance of the RMA to avoid replacement charges, billed at the then current list price of the unit including installed options.

A10 Networks Preferred Service Program

Gain immediate access to A10 technical support through A10’s Preferred Service Program, an add-on package to A10’s Gold or Platinum support offerings. Available in two options – Preferred or Preferred Plus – these programs offer personalized attention and service that expedites issue resolution and increase the availability of mission-critical business systems.

To learn more about the A10 Networks Preferred Service Program, please visit <https://www.a10networks.com/sites/default/files/resource-files/A10-SCE70150-EN.pdf>.

Register Your Products

In order to receive Technical Support, customers must register their products to gain access to phone support, software updates and A10's Support Portal. Registered customers with valid standard warranty or support contract coverage will gain access to the latest documentation, firmware updates, and technical support information.

Contact A10 Networks Technical Support at +1 (408) 325-8676 (International) or +1 (888) TACS-A10 (North America toll free).

How to Buy

The Platinum Support Service Program is available for purchase in 1, 2, 3, 4 and 5 year terms. For more information, please contact your A10 Networks sales representative. You can also visit our website at www.a10networks.com or call us at +1 (408) 325-8668 (International) or +1 (888) A10-6363 (North America toll free).

The terms and conditions governing your warranty on A10 Networks products are located on the warranty page (see below). Such terms and conditions supersede all other terms, unless otherwise agreed by A10 Networks.
