## Modern Enterprises Require Agility and the Ability to Pivot Fast

Businesses that thrive are those that embrace change and adapt swiftly. Rightsizing isn't about reducing costs; it's about optimizing infrastructure for growth and resilience.

## A10 Networks FlexPool® Consumption-Based Licensing

Allows businesses to flexibly manage software licenses in secure application services

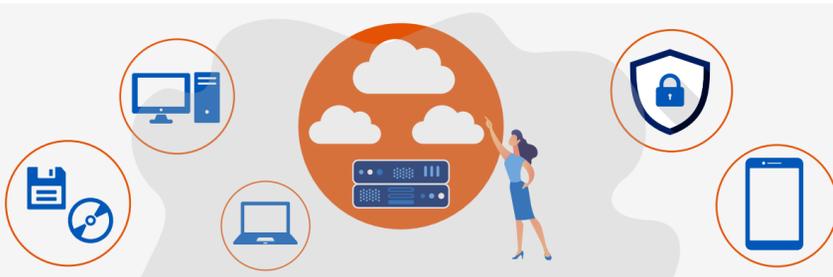

## Rightsize to Optimize Resources

Flexible deployment options allow you to spin up, spin down or reallocate licenses as needed. This enables a fast response to business and application demands.

## Reduce the Cost of Operating Applications

With FlexPool, seize opportunities and maximize revenue growth. Save money by aligning capacity investment with demand.

## Save Time, Use Fewer Tools and Resources

Reduce time and resources and avoid over-provisioning

Use the same set of tools across **ANY** environment – physical, virtual, and cloud

## Take Advantage of Market Trends

- Scale to meet demand and maximize profitability
- Dial back once demand slows and be ready to focus on the next opportunity

“ We needed the flexibility to deploy both on-premises and in the cloud. FlexPool licensing enables dynamic allocation and redistribution of capacity as required. ”

Terry Johnson, Network SME, Travelex

## Innovate Faster

- Use the license pool for test and development environments to trial concepts
- Increase innovation and profitability as you bring solutions to market faster
